

LED Lighting

10-way Distribution Box PSU-10P-VH

Features

- ❑ Compact low voltage LED distribution box
- ❑ Easy connection "Plug & Play"
- ❑ 10 individual output ports
- ❑ Output rating total 10A max
- ❑ CE approved

Description

To facilitate low voltage dc connections in parallel configuration the PSU-10-VH-XHP2 splitter box measures 55x30x22mm and features 10 outputs for multiple connections. Input is via a 2 pin VH socket and the 10 output ports use XHP-2 series connectors.

The unit is designed to be compatible with our interconnection system for our range of constant voltage LED strips, modules and assemblies

Electrical & Optical specification

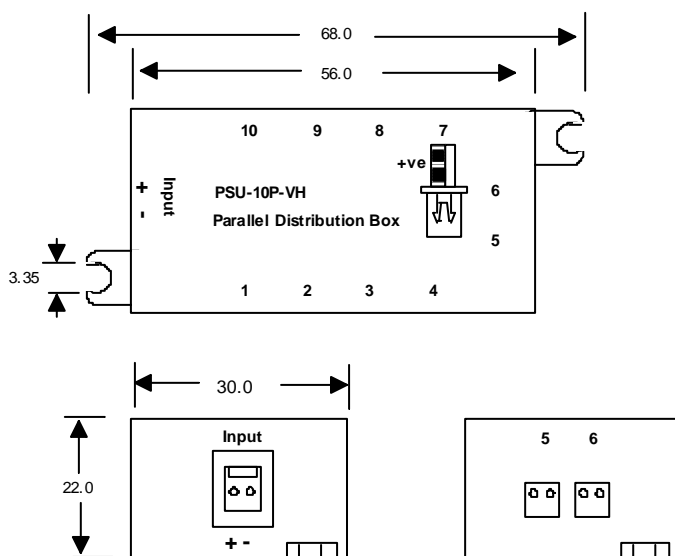

Input Connection	Male Header	Mating Housing	Contacts #22 to #18 AWG	Contacts #20 to #16 AWG
VH2	B2PS-VH	VHR2N	SVH-21T-P1.1	SVH-41T-P1.1

Input Rating 10 Amp max 24vdc AWG #16

Output Connection	Male Header	Mating Housing	Contacts #28 to #22 AWG	Contacts #30 to #26 AWG
XHP-2	S2B-XH-A	XHP-2	SXH-001T-P0.6	SXH-002T-P0.6

Output Rating 10A Max evenly distributed across ports
Max rating per port 2.0A 24vdc

Dimensions

Notes

Applicable wire #22 to #16AWG

A range of standard and custom DC cables are available to support the installation
